Eckert Wins Magistrate Post

Board Passes 3 Ordinances

The Antioch Village Board met Tuesday, Dec. 5, in the Village Hall, beginning their meeting at 7:30 p.m. Everyone with the exception of Trustee Ed Vos was present.

Students of St. Peter's grade school and a group of students attending with Antioch High School teacher Harrison Brown were present with two young members of the junior chamber of commerce.

The board members read their various reports after the roll was called by Village Clerk Clarence Schultis and the minutes of previous meetings were dispensed with.

The police report stated that 139 tickets had been issued for meters with 104 of them being paid. There were 12 tickets issued for traffic violations of which 6 were paid. Five accidents were also reported to have occurred throughout the time since the last board meeting. The police department was then authorized by the board to purchase two new snow tires for the Antioch squad car.

An ordinance was then approved to be drawn up prohibiting parking between Drijle Chevrolet dealers building and Depot St. on the east side of Main street. This will be in effect only on Sunday between 9 and 12 a.m.

Another ordinance was approved by the board was concerned with dutch elm disease to which many trees in the Antioch area have fallen prey to.

This ordinance requires private owners to destroy their own tree or have it removed by the village at their own expense if the tree is not cut down. If cooperation is not extended by the parties concerned, a fine and possible jail sentence may ensue.

Still another ordinance dealing with bond issue and the provision of monies was presented and is published in its entirety within the pages of this week's Antioch News.

Mr. Frank Powles inquired of the board as to whether John Dupre would share costs on the amount of sewage pipe his Coral apartments now adjoin. Powles installed the sewage system at his own expense.

The new stores will be available to shoppers by May of 1962. Mr. Morton Engle reported that a 600 car parking area, paved, lighted and landscaped would also be available. He also stated that Linden Plaza would add another block of stores to their growing area in 1963.

Next, Stephen Ball was hired to paint the Lake Villa water tower. Ball, who is a professional sign painter in Lake Villa, was authorized a payment of \$60.

Senator McClory Applauds Progress of Justice Court

Speaking at the Illinois Traffic Court Conference at Southern Illinois University in Carbondale recently, State Senator Robert McClory of Lake Bluff described the progress being made by the new Justice of the Peace Courts.

Senator McClory declared:

"During the past year Illinois Justice of the Peace Courts have moved from the kitchen of the Justice's home, or from back of the hardware store where the Justice of the Peace was carrying on his regular business, to the Court House, the City Hall, or other public or appropriate place to hold Court with dignity and decorum.

"That is not to say that the transition from the old system to the new has taken place in every instance, but it is to say that in large measure a great transformation and improvement in the local Court system has been accomplished during the past year.

The total number of Justices of the Peace has been reduced from more than 3,500 to approximately 400.

"In addition, the fee system has been abolished, under which a finding of guilty was generally necessary in traffic cases in order for the

Justice of the Peace to collect his costs. A flexible salary schedule under the authority of County Boards has also been established.

"Some opponents of the new system have made strenuous efforts to discredit, and even to undermine this new system of local justice.

However, my information, which includes a detailed report from the Chief of the State Police, indicates that in almost every County of the State, the new system is receiving local support and is reported to be working well. From the reports being filed each month with the County Boards, and with copies to the Court Administrator, an important record of local Court statistics will be available soon.

"It goes without saying that the impression gained by the traffic violator in the local Traffic Court is an important factor in promoting traffic safety. We are proud of the improvements that have been made in Illinois, and will strive for further Traffic Court improvements.

The Traffic Safety Conference was attended by about 400 traffic safety, law enforcement and local court officials. Earlier in the Conference, the group was addressed by Governor Otto Kerner and Secretary of State Charles F. Carpenter.

Margin of 96 Votes Supply Eckert's Win

Rudy Eckert, 57, proprietor of the Gamble store in Antioch for the last 27 years and the father of two sons, won the Police Magistrate election held in Antioch, last Tuesday, Dec. 5. A margin of 96 votes over his opponent, Herbert W. Horton, swept him into the office.

Three hundred and sixty-five voters turned out for the off election, voting between the hours of 6 a.m. and 6 p.m. in the council room of the village hall building.

Of the 365 votes cast, 5 were ruined due to not being marked or being marked incorrectly. Reporting the election results, Mrs. John L. Horan stated that "this happens in every election regardless of the signs posted telling people the correct way of voting."

Herbert W. Horton polled 132 votes out of those cast. Eckert was given 228.

After knowing the election results, Eckert stated that he was "very excited." In an over-the-phone interview, Eckert said, "I intend to carry out the job to the best of my ability and I know I'll have to learn what to do in that job. I feel that as soon as I get into it, I won't have too much difficulty." Herbert Horton, Eckert's opponent in the race, stated after the election: "I think he'll make a good Magistrate. I wish him all the luck in the world."

Out of the 1,100 eligible voters, Horton said the turnout was the best that could be expected for a single-office election.

Eckert's term of office, which is effective immediately, will terminate in April of 1965.

The judges who ably conducted the poll, registering all votes and tabulating them, were Mrs. John L. Horan, secretary, Mrs. Joseph Horton, Mrs. Edgar Simonsen, Mrs. Emil Ehner and Mrs. Harold Ellis.

Mrs. Horan reported that the tabulation of the votes cast in the contest was completed by 6:15 in the evening, Tuesday.

Auto Rams Freight Train

Antioch Chief of Police Walter Scott reported that a car-train collision took place Thursday, Nov. 30, at 2:20 a.m.

The accident involved Dana Moen of McHenry who was on Rte 173 when he ran into a moving freight train going south on the Soo Line tracks. Moen explained that he did not see the train. His car was carried 21 feet alongside the tracks until it was dumped into a nearby ditch.

Chief Scott estimated that Moen must have swung sharply to the left, not hitting the train head on, and thereby enabling the car to be pulled along with the progress of the freight.

Although Moen's automobile was towed away, he himself sustained no injuries.

Judge Charg's Gamb'l'g Here

A recent probe into gambling in and about Lake County was led by Circuit Judge Bernard M. Decker, Monday, Dec. 4, as he urged a new Lake County Grand Jury to find out whether the gambling laws on the state were being enforced throughout the state, particularly in the Antioch area.

T Judge, in reference to press accounts of gambling in and about the Antioch area, singled out Thomas Griffin of Antioch as the chief reason behind the gambling.

The new Grand Jury will serve until March 5 when another one will be impaneled. Decker, although did not announce Griffin's name, clearly indicated that the gambler and the Antioch area is and has been involved in the illicit operations.

The whole thing reminded me of the time Alexander of Russia toured his own country. At that time, during the early nineteenth century, Alexander, a stay-at-home king who never really knew his people and the land he governed so autocratically over, expressed a desire to get out and see exactly what the present state of his country was in. His ministers of state were in a flurry of frustration at this point.

A fellow named Lincoln said much better—"You can fool some of the people most of the time, most of the people some of the time, but you can't fool all of the people all of the time!"

Mundelein Mayor, John Noel might have made a tactical error in his announcement last week that he would seek the GOP nomination for State Representative.
In his announcement Noel said he would continue to serve as mayor if elected thus losing the support of many Mundelein residents who would be happy to vote for him just to get him out of his present post.
This is the fate of most mayors and governors since they build up

The assumption that voters cast their ballot by ballot position rather than through knowledge of the candidates is an insult to the voters' intelligence, albeit a deserved one at times.

Miss Irene J. Ehrhardt is Married To James Bletsch in Round Lake

In a late afternoon ceremony on Saturday, November 18, Miss Irene J. Ehrhardt and Mr. James A. Bletsch were united in marriage at the Trinity Evangelical Lutheran Church, with the Rev. Alfred H. Langhough officiating at the double ring service.

The bride is the daughter of Mr. and Mrs. Frank Ehrhardt of First Avenue and the groom is the son of Mr. and Mrs. John Bletsch of Summerside Drive.

The bride, who was given in marriage by her father, chose for her wedding a full length gown of silk organza over satin, fashioned with a sabrina neckline, long sleeves and fitted bodice of re-embroidered lace. The full skirt fell to a chapel train, and a double tier silk illusion veil was caught to a lace pillbox. She carried pink and white Fuji mums with ivy leaves.

Serving as maid of honor was Miss Karyn Sillanoff, who was costumed in a bright pink satin sheath, with white nylon organza overskirt. She carried white Fuji mums.

Mrs. Barbara Blust, sister of the groom, and Miss Connie Kania, bridesmaids, wore attire similar to the maid of honor.

Serving the groom as best man was Dennis Gray, and ushers were Frank Ehrhardt, brother of the bride, and Ralph Blust.

Miss Diane Sillanoff was flower girl and Gordon Sillanoff acted as ring bearer.

Special music was provided by Mabel Lou Dow with Stuart Good as soloist.

A reception for 350 guests was held at the VFW hall in Lake Villa. A trip to Florida is planned for two weeks in February.

The former Miss Ehrhardt is a 1960 graduate of Antioch High School and now employed by Illinois Bell in their Antioch business office.

Mr. Bletsch also graduated from Antioch, Class of '59, and is employed by Roy Welk, Inc.

The couple is now residing in Lake Villa.

The Day That Santa Claus Came To Antioch

"NOW DON'T FORGET, SANTA, ABOUT THAT DOLL HOUSE . . ." Children confided and Santa listened patiently awarding each child his kind and considerate attentions.

Awaiting the call of the chief is Santa's helper, his Santa Special jeep at the ready. The Chamber of Commerce arranged for the grand old gentleman's visit to Antioch.

With the weight of tomorrow's future on his knees, Santa's eyes twinkled. He gave each child a candy cane just like the big ones in the streets.

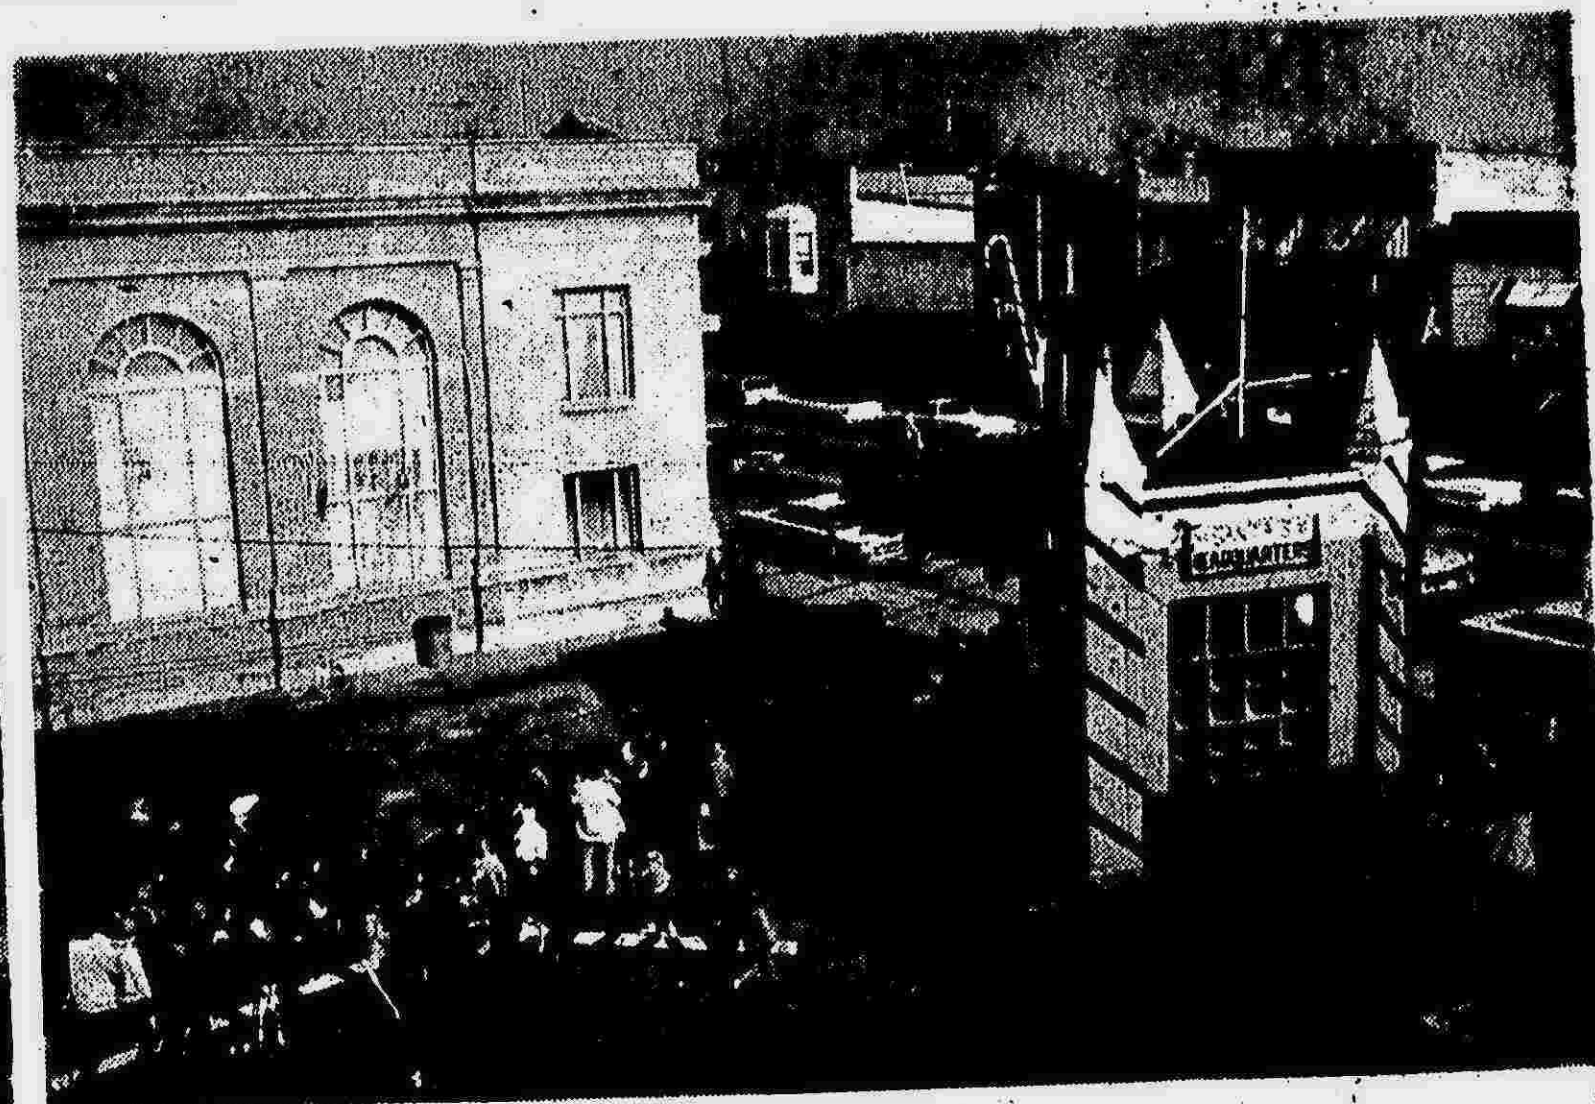

Perched like anxious elves on Santa's lap are two Antioch children getting set to recite their list of wanted presents. The State Bank of Antioch took free pictures of the children.

Coming into town, Santa waves a friendly hello at waiting hordes of children. The old gentleman was driven to his headquarters in a decorated and gift laden Fire Department jeep.

Over seven hundred and fifty children waited patiently in line to see Santa Claus last Saturday morning, Dec. 2. The air was as mild as a spring day and the parents waiting with their children didn't seem to mind at all. They were curious also.

Looking like something transplanted from the north pole is Santa's headquarters as seen from the top of the Antioch Theater building. The former DX station was painted by Preston J. Rockers, Jr. of the State Bank.

ALL ABOUT BABIES...

A Public Service of the
National Baby Care Council

FALSE ECONOMY—

By William Nitay
Member, National Association of
Science Writers
Editor, All About Babies

A recent column expounding the many values of diaper service resulted in a number of letters from readers chiding us for having overlooked the cost factor involved. Stated one letter writer:

"You may be right when you say that my home laundered diapers are not done as scientifically as those processed by a diaper service. But you're forgetting diaper service costs money. It costs me nothing to do my baby's diapers at home."

Nothing is such a complete word. So, we decided to do our own cost analysis of the home laundering procedure for diapers recommended by the medical profession and the National Baby Care Council.

The answer we came up with was certainly a long way from nothing. The way we figured it, the home laundering of diapers costs \$2.14 a week.

Here's how we arrived at this figure: soap, softener and bleach, 88 cents; water and antiseptic to protect against diaper rash, 72 cents; gas and electricity, 16 cents; prorated cost of diapers and hamper,

20 cents; depreciation of equipment, 48 cents. Total \$2.14.

Just how much cheaper is this home laundering cost than is the cost of retaining a professional diaper service? For the answer we turned to the Diaper Service Industry Association.

According to the Association, the average national charge for diaper service is about \$2.52 a week, ranging from \$2.00 to \$3.00 a week, depending upon the area.

Thus, the mother who does her baby's diaper at home saves, on the average, about 38 cents a week or just about 5½ cents a day. To make this saving possible, she must, during baby's diaper wearing age, spend 547 hours washing 7,410 diapers, according to the Diaper Service Industry Association.

To answer our readers, if it appeared that we had overlooked the cost factor involved in diaper ser-

vice, it was only because from the cost standpoint, diaper service and home laundering are nearly the same. However, the similarity ends here.

The high standards of professional diaper service are constantly checked by strict laboratory control to guarantee diapers that are clinically clean, soft, white and free from irritating residual soaps and detergents. This helps protect baby from diaper rashes. The complex equipment and scientific processes used by diaper services cannot be duplicated in the home. Besides, as any mother will readily admit, diaper service is a modern necessary convenience that can be classed with processed baby foods.

Antioch Sequoits Trim Wauconda Bulldogs

Final Scoring Tallies 61-44

Friday night, Dec. 1, Larry Leon's Fighting Sequoits combined excellent offense and equally effective defense to romp over the Wauconda Bulldogs, 61-44. It was the Sequoits' first home game and first conference game of the season. Antioch has now taken their first two opening games.

Riding on a slim 7-6 lead early in the first quarter, the Sequoits burned the net with eight straight points. Four of these came from the sharp-shooting eye of Bob Kubicki and two each from Bill Ozga and John Hallwas. Antioch led 17-7 at the end of the first period, 32-22 at half-time and 49-35 at the end of the third stanza.

Antioch held a dominating 43-25 advantage in the rebound department. Chairmen of the "boards" were Bill Ozga, Bob Krieger and John Hallwas.

Krieger paced the winners in total points with 18, followed by Hallwas with 12 and Ozga and Kubicki scoring 10 each. Again 5'2" Junior Guard, Jim Brownlee, was a big "little factor" in the Sequoits' victory. Although held to only three points, he filled the spot of playmaker in superb form. 6'6" Senior Center, Denny Pogose, was sidelined with a sprained ankle.

Verification of the fact that Antioch's offensive patterns worked very well can be found in the field goal percentage and the bulk of the score. They completed 27 out of 41 for a solid 44.2%. Wauconda made 17 of 44 for 38.6%.

The frosh-soph game ended with a victory for Antioch. The junior courtiers took their game 47 to 32. Leading the Antioch Sequoits to their winning score were Bob Oilschlager with 10, Bernie Smith, 9, John Lear 8, and Jeff Gates with 7. The average height for the team is 5'9".

The Sequoits meet powerful Grayslake this coming Friday evening, starting at 7 p.m., in the Antioch gym. Let's come out and see the Fighting Sequoits upset Grayslake!

Newspapers

America's founding fathers realized (free speech) and incorporated free speech as a specific point of constitutional government and in so doing they entrusted to the newspapers a vital responsibility for the preservation of freedom.

It must be admitted that all newspapers have not at all times lived up to this responsibility because newspapers are produced by men and men are never perfect. But for the most part the men who publish, edit and write the newspapers of America have tried to fulfill their obligation to give their readers the widest possible information.—Mt. Morris Index.

Tips on Traffic Safety

By CHARLES F. CARPENTIER
Secretary of State

To cope with winter driving situations is hard and nerve-racking work, without the added problems of car trouble. So don't wait till snow and sleet arrive, take your car to a competent mechanic and have it thoroughly tested and checked.

Be sure your tires are in good condition to withstand the rough wear they will get on ice and snow. Be sure they're not worn smooth; because a smooth tire skids easily and dangerously.

Have your motor checked, as well as the steering wheel, the brakes, and the wheels. The failure of any of them could result in a fatal crash. Winter driving is hard on a car; be sure yours is in a safe condition to drive.

Regular maintenance of your car is the best way to avoid a serious breakdown later on, or an accident at any time. A copy of the completely new "Rules of the Road" will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

The American Experience

By Ray Fuchner

George Washington "casually" declined a dish of green peas one evening at supper, and thereby lived to become the first President of the United States. And there hangs a tale, as you might expect. The peas, you see, apparently did not look particularly appetizing to George on that fateful evening in 1776 and so he passed them right by. Later his housekeeper threw the peas to the chickens, who gulped them down in a pecking-pea nighttime snack, and thence proceeded to stagger, collapse, and die.

This memorable episode which occurred during the Revolutionary War is one of those "ifs" of history that historians take such jocular delight in telling. "If," as Pascal put it, "Cleopatra's nose had been longer, the whole course of history might have been changed." If Washington had had a hearty appetite that evening, he might have eaten the peas, died, and the course of American history might have been changed. But he didn't eat them and he didn't die.

Nevertheless, I'll tell the story anyway. It seems that one of George's personal bodyguards—Thomas Hickey by name—slipped into the kitchen while the peas were being cooked and mixed some Paris Green with the peas. Hickey was merely doing his part in a Tory (British to you) plot to assassinate the American upstart general. After Washington had eaten the peas, it was not expected that he die on the spot. Rather, it was expected that he would become groggy at which time Hickey was to stab him and turn him over to the British in order that they might hang him. Sounds almost as though the British considered George as hardy as Rasputin, doesn't it?

Also on the conspirators' agenda for the evening was a plot to blow up the ammunition dumps of the patriots and the massacre of all those rebels who could not be captured. The climax of the plan was to include the seizure of the city—the particular city, in case you're still interested, being Boston.

Two factors however prevented the plot from ever being carried to a climax. In the first place there were so many people involved in the conspiracy that news of it leaked out. Secondly, Thomas Hickey's part in the scheme came out as a result of the green pea episode.

So because Washington refused a dish of green peas, five men and a woman were thrown into prison. Thomas Hickey ended up swinging from a gibbet, that is, he was hanged by the neck until dead, quite dead. The entire city was placed under guard and many well-known loyalists were tortured and some even tarred and feathered. Yes, even the good, old American patriots could be roused to vicious retaliation.

This, and many other delicate bits of anecdotal grace and charm, may be found in John Hyde Preston's "Revolution: 1776" if you care to look into the matter further. I don't.

A Senate sub-committee issued a report entitled "The Technique of Soviet Propaganda." It recommends the creation of an institution for "Enlightening public opinion by means of documented synopses released to press and radio organs. The institute could also publish books and pamphlets and arrange lectures on the specialist or the general level. It should, finally, correct in releases the fallacies about Communism that blind, mislead, and paralyze the dynamic forces of the Free World."

A public relations meeting was held at Girl Scout House in Waukegan Tuesday, Nov. 21, which was attended by representatives of various areas. The meeting was headed by Mrs. Polly Froelich, president of Lakeview Council and Miss Margien Lund, executive director. Under discussion were plans for projects for celebration of the Golden Years to begin January of 1962.

One of the major projects is the planting of Golden Flowers in which all Girl Scouts will participate, in their Troops, at home or in public places in and around the Area. This coming year promises to be a year of great achievement in Girl Scouting.

Girls from Troop 76, Patrol 1 leaders Mrs. Bunting and Mrs. Magoon, Troop 219 leader Mrs. Osborn of Big Hollow and Senior Troop 205 Fox Lake, leader Mrs. Dorothy Siebert made and bottled bath salts to be given for Christmas gifts to local orphanages and old people's homes to earn part of their Community Project badge. A boy must be at least 11 years old to join. Each boy must bring 75 cents registration fee in order that the charter for the troop may be effective. The amount enrolls the boy for 18 months.

Jack Springer is Scoutmaster. His assistants are Eddie Bonovitz and Bob Harding.

Dudley Mertes is chairman and committeemen are Russ Bethley, Rudy Lipman, John Warchal and Claude Anderson.

In the recent drive to raise funds for the Boy Scouts of the North Shore Area Council, Lindenhurst residents contributed almost 300% of their quota. The volunteer collectors were Springer, Bonovitz, Mertes, Warchal, Harding, Louis Meglio, Zanzola and Guido. The Boy Scouts of America thank you for your donation. Joe Botts of Lake Villa headed the drive.

GIRL SCOUTS

St. Peter's church in Antioch was the scene of a solemn investiture ceremony on Sunday afternoon, Nov. 26, for 27 Brownies of Troops 144, 100 and 240, all of Antioch.

After presentation of colors, singing of a hymn by all Scouts was the opening ceremony after which Fr. Hanley gave a short talk on the description of the Promise and Girl Scout laws. He blessed the pins and invested Mrs. Stanich and Mrs. Morgan as leaders after which he presented the Brownies with their pins at the Altar. This was followed by about 30 Girl Scouts repeating in unity the Girl Scout laws. A song was sung by the girls before Benediction by Fr. Hanley. The ceremony closed with the singing of the Star Spangled Banner and the retirement of the flag.

The ceremony was then followed by a Fly Up ceremony of 6 girls and the presentation of badges held in the Church hall, opened by Mrs. Frank, Girl Scout chairman of St. Peter's Church. This began with a short prayer by Fr. Hanley. Troop 85 of Antioch presented Colors with the Pledge to the Flag by all.

Mrs. Frank then introduced outstanding guests, after which 6 Brownies from Mrs. Tiesling's Troop 242 gathered in a semicircle around a candle setting and the girls said the laws one at a time, lighting a candle after each law. These girls were Judy Hevrys, Diana Costoff, Mary Dost, Pat Johnson, Rita Misocka and Pat Schmidt. Repeating their promise they were pinned by Leader Mrs. Tiesling and assisted by Mrs. George Sedevic, chairman of Antioch Neighborhood Association, they also received their World Association pin, Fly Up Wings and Membership Stars for each year of scouting.

Mrs. Walsh, co-leader of Troop 110, held a Court of Awards and presented badges to 3 girls and year stars to 7. Mrs. Sedevic presented 7 girls from Troop 85 with badges, one of these a First Aid, which they received through an instructor.

There was a closing prayer by Fr. Hanley and closing ceremony by the Girl Scouts and forming the Friendship Circle they sang Girl Scout Song.

Presenting of the Colors was the opening of the Antioch-Lake Villa Neighborhood Association monthly meeting Nov. 27, at Grass Lake Scout House. After reading of the minutes by the secretary, Mrs. S. Guardi, Mrs. George Sedevic, Neighborhood Chairman asked for report of the Public Relations representative, Mrs. Claffey, who reminded the leaders to start making troop plans to honor Girl Scouts' 50th year starting in 1962 which will be called the Golden Years, also plan for Girl Scout Week in March. Mrs. Helen Fox and Mrs. Sedevic gave a report on the Girl Scouts of U. S. A. Regional Conference which they attended early in November.

Mrs. Sedevic announced that 21 out of the local 22 troops were represented at the Friendship Fair and expressed her thanks to everyone and termed the Fair a great success.

Mrs. Everett Standiford gave a report on the name Sequoyah, who was a Cherokee Indian Chief who invented the Cherokee alphabet. The leaders voted to use this name, thus the Antioch-Lake Villa Neighborhood will now be Sequoyah.

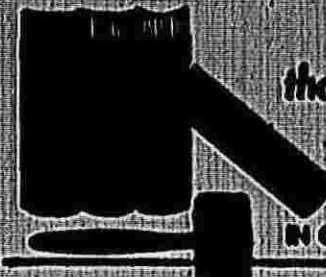

Plans were made for a Christmas party to be held Dec. 19, at 7:30 at the Lake Villa Village Hall.

Mrs. Sedevic introduced the guest of the evening, Mrs. Jean Illian, Established Camp Director of Lakeview Council, and asked her in the absence of Mrs. John Siebert to invest as leader Mrs. Klistor of Troop 173 of Lindenhurst and present six other leaders with recognition ribbons. Mrs. Illian then spoke briefly on Established Camp and a film was shown on Camp Robinson. Refreshments were served by Troop 126 Lindenhurst and 216 Lake Villa. Troop 60 Lindenhurst and 212 Venetian Village had an Arts and Crafts display.

A Basic Leadership course for Girl Scouting was completed by 10 women of this Area. Those who completed 20 hours were Mrs. Marcella McCarthy, Venetian Village, Mrs. Marguerite LaParr and Mrs. Helen Fox, both of Antioch, Mrs. Lucille Calvert, Mrs. Yvonne Schrimpf and Mrs. Jean Mumenthaler, all of Round Lake. Completing 16 hours were Mrs. Evert Standiford and Mrs. Ruth Koenig, Lake Villa, Mrs. Alma Bailey of Antioch and Mrs. Bette Wilson of Round Lake.

Mrs. John Siebert of Fox Lake and Mrs. John Hawse, Wildwood, were the instructors and it was held at Antioch Scout House. The sessions ended on Nov. 16, with the investiture of the new leaders.

that's THE LAW

A PUBLIC SERVICE OF
ILLINOIS STATE BAR ASSOCIATION

IN COOPERATION WITH THIS NEWSPAPER

WHAT DO YOU KNOW ABOUT MECHANIC'S LIENS?

Do you realize that when the local handyman agrees to repair your front porch steps, or when you contract to have new gravel put on your driveway, or a garage built on your lot the law of Illinois automatically creates a "lien" in favor of the workman or supplier and against your house and lot?

Yes, an Illinois statute provides that any time you enter into a contract calling for repairs or additions or materials or labor for the repair or improvement of your property, a "mechanic's lien" arises in favor of the workman or materialman.

A mechanic's lien is a charge against land and buildings which workmen or suppliers of materials agree to improve. The lien helps assure the workman that he will be paid for the goods or services he devotes to the property.

If he takes the steps necessary to protect the lien and he is not paid when his bill comes due, the law gives him the right to "foreclose" his lien by having the property sold at a public sale. The claimant is then paid the amount of his lien from the proceeds of the sale.

Lien Must Be Foreclosed

Under Illinois law, a mechanic's lien comes into existence at the time the property owner or his authorized agent enters into a contract to improve the property with a workman, contractor or supplier. This usually occurs prior to the time work is actually begun.

As against those who acquire an interest in the land after the work is finished, no mechanic's lien is effective unless a "claim for lien" has been filed with the County Recorder within four months after completion of the work. Furthermore, under Illinois law, all mechanic's liens automatically expire unless a suit to foreclose the lien is begun within two years after the work is completed.

The Case of Jake Builder

An example will illustrate how the lien works. Bill Homeowner bought a house and lot in Oakton, Illinois. On March 1, 1956, Bill contracted with Jake Builder for the erection of a breezeway between the house and garage for \$1,000. On May 1, Jake finished the job.

Soon after, Bill was transferred to another city and was forced to leave Oakton. He sold the house and lot to Art Buyer on July 1, 1956. What are Jake's rights against the land?

When Jake finished the job on May 1, he had two years to perfect his lien against the property by filing a suit to foreclose. But, because Art Buyer purchased the house and lot after the work was completed, Jake must also file a claim for lien with the County Recorder before September 1—four months from completion—in order to keep his lien against the property alive. Of course, Bill will still owe Jake the \$1,000 under their contract, whether or not Jake has a valid lien against the property.

How to Protect the Buyer

How could Art Buyer have protected himself against Jake Builder's outstanding lien? First, the buyer can check the County Recorder's books for mechanic's lien claims against the property.

A more practical method is to ex-

amine the premises for evidence of improvements within the past four months. If evident, the buyer should require the seller to show full payment of the workmen and suppliers to discharge outstanding liens. Otherwise, the buyer might have these bills.

This is important to the buyer even if his contract calls for a guaranteed title policy or merchantable abstract, because the usual forms of title insurance and abstracts currently in use in Illinois cannot protect against hidden mechanic's liens.

Subcontractor's Liens

Subcontractor's liens are an especial danger to purchasers of new buildings. Contractors who work for or supply materials or labor to general contractors have mechanic's liens against the property. Therefore, before paying the general contractor, the owner or buyer should ascertain that all the subcontractors have been paid in full or have waived their liens in writing.

The largest number of tuberculosis cases are found among men.

The American Medical Association warns that hucksters of quick health machines continue to flourish—and says that legal loopholes and a gullible public are the reasons. Fake therapeutic machines, substituted for valid medical cures, have hastened the deaths of thousands of people. The AMA warns: Beware of the "medical expert" who uses a "secret" machine to cure diseases quickly. Beware if he advertises or uses testimonials. Beware if he claims that medical men are persecuting him.

War is obsolete. The world struggle has now gone beyond warfare, into a contest between the forces of evil—everywhere—and aroused the conscience of mankind—Marcel Proust Post.

Natives' Son Joins Navy at Great Lakes

Eugene L. Thiele, son of Mr. and Mrs. Emanuel J. Thiele of Route 2, Antioch, is undergoing recruit training at the Naval Training Center, Great Lakes.

During the nine-week course, Thiele will receive instruction in military etiquette, drill, physical fitness, swimming, survival, first aid, shipboard safety precautions and security duty.

According to Newsweek, U. S. manufacturers cut their appropriations for new plant and equipment overseas by 26 per cent during the second quarter of this year, probably because of international tensions. Major decline was in the durable-goods industries, which registered a 77 per cent drop. Non-durable manufacturers, on the other hand, increased appropriations by 51 per cent.

Mailers Given Helpful Hints

With Thanksgiving a recent memory, Postmaster Roy Kufalk said today, "It's Christmas every day in the Post Office from now on."

He offered these helpful hints on how to mail your Christmas cards and gifts to insure prompt and safe delivery before December 25th. Use 4c Postage on your Christmas cards. Sent by First Class mail, they are sorted and delivered first, and if you include your return address on each envelope, they will be forwarded in the event of a change of address, or if they are undeliverable, they will be returned to you.

Also, you can write a personal message on the Christmas cards sent by first class mail, whereas, only your signature is authorized on cards sent at the 3c, unsealed third class rate.

Avoid careless packing of your gifts. Use strong cartons, wrap in heavy paper, and tie with sturdy cord. Mark packages containing breakable gifts, "Fragile"—"Handle With Care." Put an extra label carrying the recipients and senders name and address inside every package.

Out of the 40 million people infected with the TB germs today, two-thirds are over 45. And 70 per cent of those who die of TB are over 50.

Twenty-two per cent of the population of the United States are infected with tuberculosis germs. In Illinois this means 2,444,000 people have live tuberculosis germs in their bodies.

The average American family spends \$294 for personal health services every year.

COMPACT MERCURY COMET

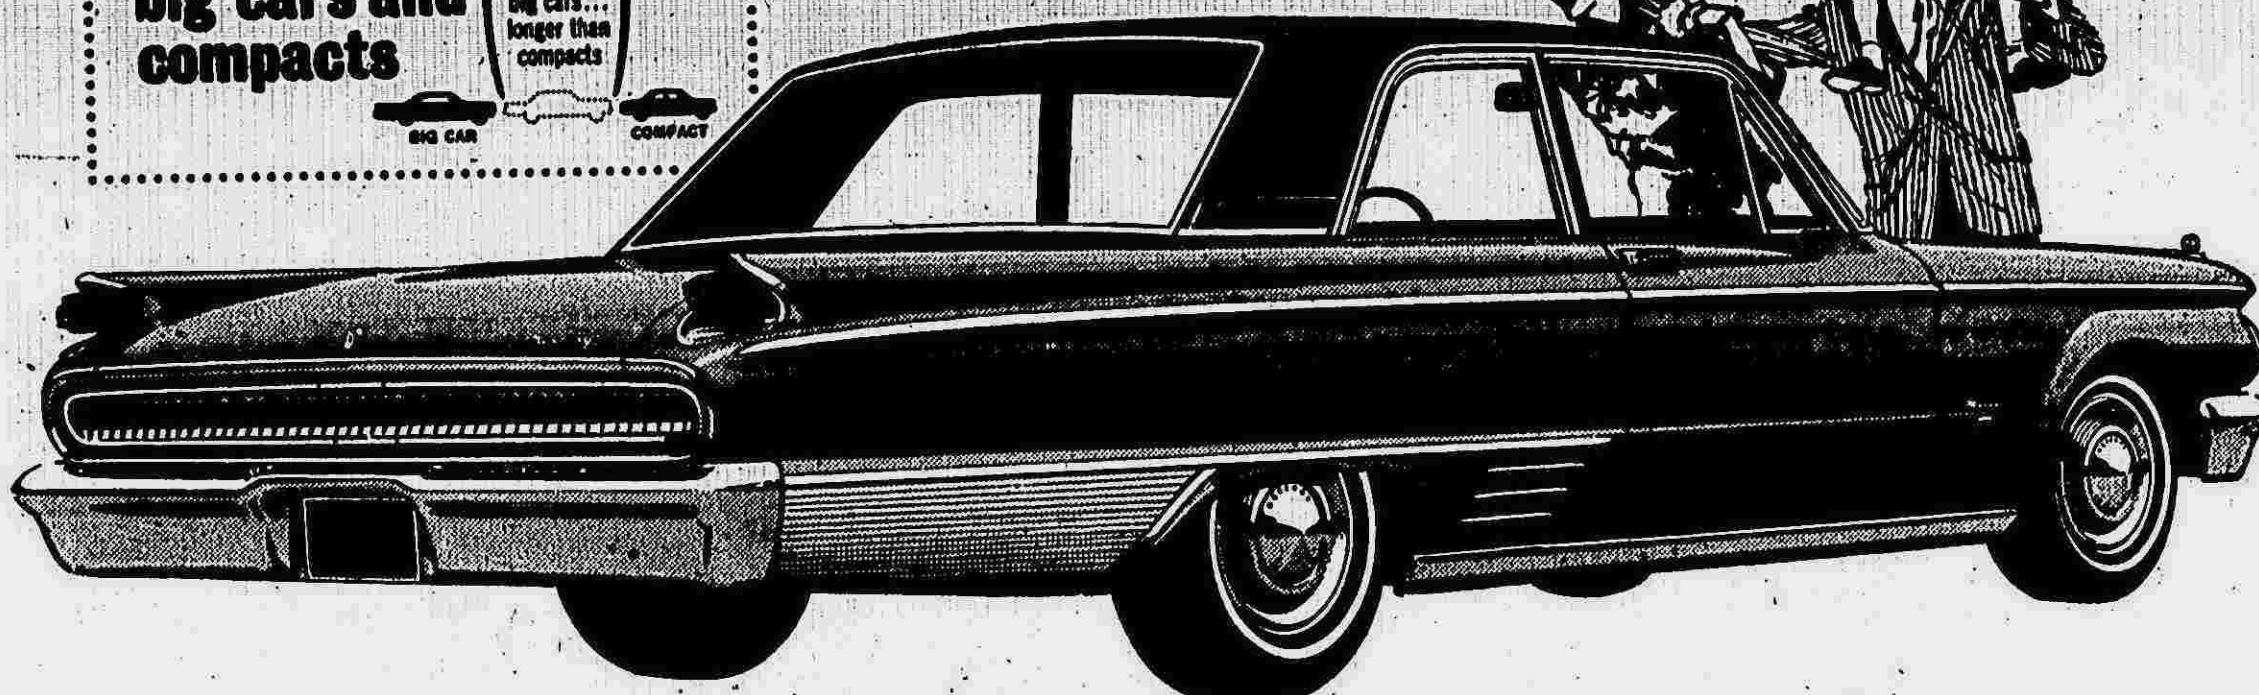

NEW STANDARD-SIZE MERCURY METEOR

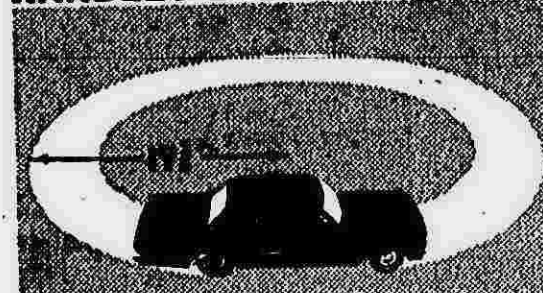

BIG, LUXURIOUS MERCURY MONTEREY

Now Mercury fills the gap between big cars and compacts

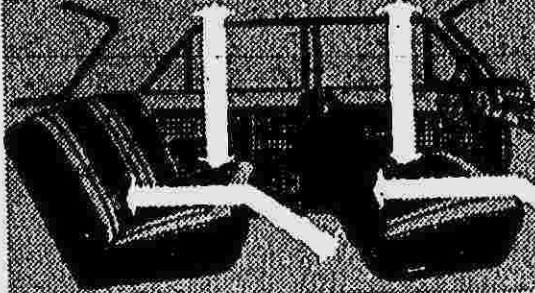

Introducing the all-new Mercury METEOR
beautiful balance between big cars and compacts

HANDLES LIKE A COMPACT...ROOMY AS A BIG CAR!

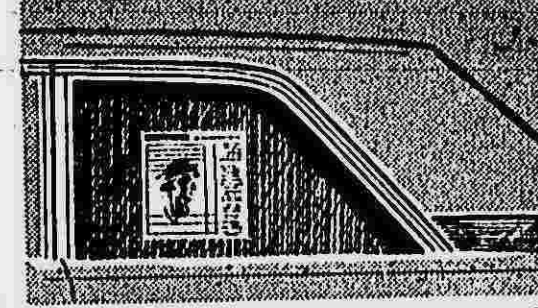

Turns, parks, handles like a compact. The turning radius is 19 1/2 ft. Wheelbase: 116 1/2 inches. Length: only 203.8 in., yet inside it...

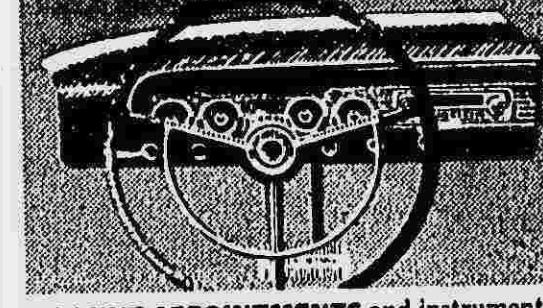

Equals the room in most big cars. A six-passenger car without qualification. The vacation-size trunk (31.5 cu. ft.) holds 15 suitcases.

PRICED LIKE A COMPACT...THE LUXURIES OF A BIG CAR!

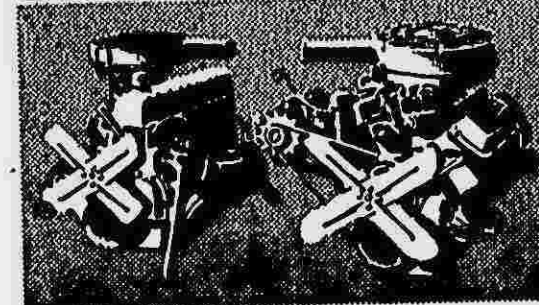

Low initial price like compacts—actually below several. Yet the Mercury Meteor is quality-built throughout, so luxurious, it has...

De luxe appointments and instruments, even an ammeter and oil-pressure gauge. Power steering and power brakes are also available.

SAVES LIKE A COMPACT...PERFORMS LIKE A BIG CAR!

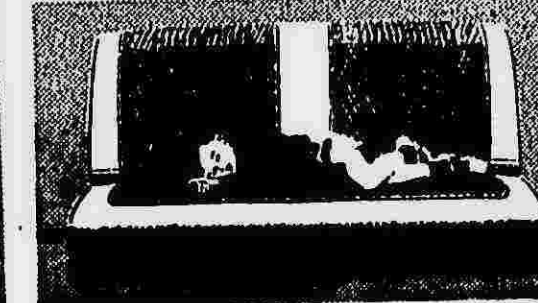

Two thrifty engines to choose from. Pick the "6" or the new top-performance 221 V-8. You get compact-car gas mileage, plus...

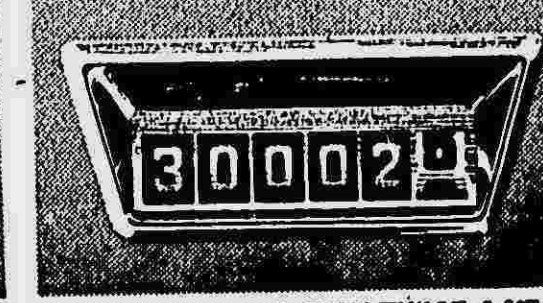

A beautiful balance between power and weight (less than 3,000 lbs.). This means brilliant performance for hill climbing and passing.

...PLUS ALL THESE OTHER QUALITY FEATURES!

More ride advances than any car near its price. These include Cushion-Link Suspension, and a new type of unitized body ("torque-box" design) that checks road vibration before it can reach the passenger compartment. And a complete soundproofing program, which puts six walls of noise-deadening insulation all about you. The result? The first car that handles like a compact yet rides like a big car: smooth, solid, quiet.

Routine service only twice a year or at 6,000- to 30,000-mile intervals. Meteor is quality-designed and built to save you money: 6,000-mile oil changes and minor lubrications, 30,000 miles between major lubrications, an anti-freeze, anti-rust coolant that lasts 2 years or 30,000 miles, self-adjusting brakes, and many more. Stop in and see this great car. It's now on display at your Mercury dealer's showroom.

A new approach to car design. Reduces weight. Has the best features of compacts and big cars. Priced like compacts... actually below several!

Reports will be given by the Christmas party chairman, Boy Scout chairman, and the Building Committee chairman. Plans for the New Year's eve party will also be made.

Children who will be attending the Christmas party, a joint affair with the Lindenhurst Women's Club, can thank Dr. J. Laurich on Grand Avenue for it being just a little bit better than usual. He gave the Men's Club quite a generous donation to be used for the party.

Numerous donations of equipment have been given to the Civic Center. Among them are a ping pong table from Greg Henderson, (he formerly was a trustee, who moved away, but still owns his home here), a pool table from Mr. and Mrs. Carmen Lavallo, a ping pong table and set from the Auxiliary to the Lindenhurst Sportsmen's Club. And a slightly used 30 cubic foot refrigerator with the help of the Boy Scouts of America. The Center will be glad to receive any and all useable equipment.

Former Resident Returns for Visit
Mrs. Millie Bordegon, formerly of Woodlane Drive and now of Glenview had lunch at Mrs. Gertrude Smith's, 2214 East Valley Drive, Thursday afternoon, and enjoyed visiting with her former friends and neighbors, Lynn Hay, Dolores Maler and son and Anita Proce and her baby. Millie had trouble with her car on the way here, so arrived quite late and left early, in case

she would have trouble on the way home.

Home from Hospital
Friends of Ray Nastrucci of Hickory Drive are happy to hear that he came home Friday afternoon. He will still have to go to the doctor three times a week for treatment, but is responding very well. (He has a facial paralysis.) Ray celebrated his birthday in Walther Memorial Hospital Nov. 28. His wife, Florence, drove in to be with him for a little while in the evening, even though she is just a beginner driver, having received her license the day before Ray entered the hospital.

As you all know, Ray loves bowling. No need to say he bowled with Wolff's team Friday night.

Over 500 ladies were present, among them Mesdames Mildred Gast, Helen Grenus, Emily Esterson and Ann Quackenbush.

The girls had dinner at Paoletti's and returned to Mrs. Esterson's home for a few more games of pinocle.

She thanks all the people who made and donated all the beautiful articles and all the people who worked so hard during the sale. The few items that are left will be sold after mass every Sunday until Christmas.

Mrs. Walter Von Stoesser of Venetian Village received the multitude of gifts including an afghan, records and a religious picture.

Cynthia Brenna of Lake Villa received the gift that was sent here by Mrs. John F. Kennedy, wife of the President. It was a steel engraved picture of the White House, signed, Best Wishes, Jacqueline.

Shoots Deer
John Weiss, 411 Corona Drive in Venetian Village, his son, John, Jr., and their next door neighbor Don Penfield, Jr., drove to northern Wisconsin recently for ten days and returned with a 180 pound deer. He was an eight pointer. This is the third one that John, Sr., has brought home. As usual the horns will be mounted. Deer steaks will be on the menu at all three homes for some time.

How to Save a Life

ACCIDENTAL POISONING

by
Lendon Snedeker, M. D.

(When someone is struck down and badly injured in an accident, first aid, given before a doctor can get to the injured one, may save his life. Everyone should know what to do in these emergencies. The following article, prepared as a public service by the American Mutual Liability Insurance Company, tells what to do in one serious instance. It is one of a series appearing in this newspaper.)

The young, toddling explorer in your family presents the greatest hazard in poisoning. His ingenuity leads him into all the nooks and crannies in the house and he will sample anything he finds there. He does not have the caution that every puppy is born with. Curiosity is his driving force.

Experience everywhere shows that the principal enemies of this ever inquisitive youngster are aspirin, kerosene, and furniture or other polishes. Aspirin, a mere headache remedy to the adult, can produce alarming symptoms in the child either if it is given in repeated doses for a mild infection or is sampled by him several tablets at a time on his own. This sovereign household remedy, as well as sleeping tablets or other adult medicines, should be kept well out of reach. Besides tables, medicine cabinets and other handy spots for oldersters should be kept free of these dangerous substances. The other principal danger spot is that place under the sink where cleaning substances are so often kept. Lye, polishes, and the "pop" bottle filled with kerosene are especially to be feared. They also must be kept out of reach.

Young imbibers may be detected by stains about the mouth or such symptoms as vomiting and prostration. If poisoning is suspected you must:

1. Call the doctor, but do not waste much time on the phone.
2. Empty the child's stomach—induce vomiting by gagging with your finger placed down his throat. If this is unsuccessful give him a salt solution to drink (one tablespoon of table salt dissolved in a glass of warm water) or warm water and mustard (a teaspoon of dry mustard powder dissolved in a glass of warm water.) Pinch the child's nose to make him swallow. After he has vomited give him some milk to swallow and take him to the nearest doctor or hospital at once. If vomiting does not occur take him to the hospital immediately.
3. Do not empty the stomach in lye or kerosene poisoning. Do not make the child vomit. Call your doctor, or take the child to the hospital at once.
4. Help to identify the poison. Take to the doctor or the hospital the bottle or box in which the poison was contained. This will help provide exact information regarding the type of poison swallowed. There are now over 400 Poison Information Centers in the United States.

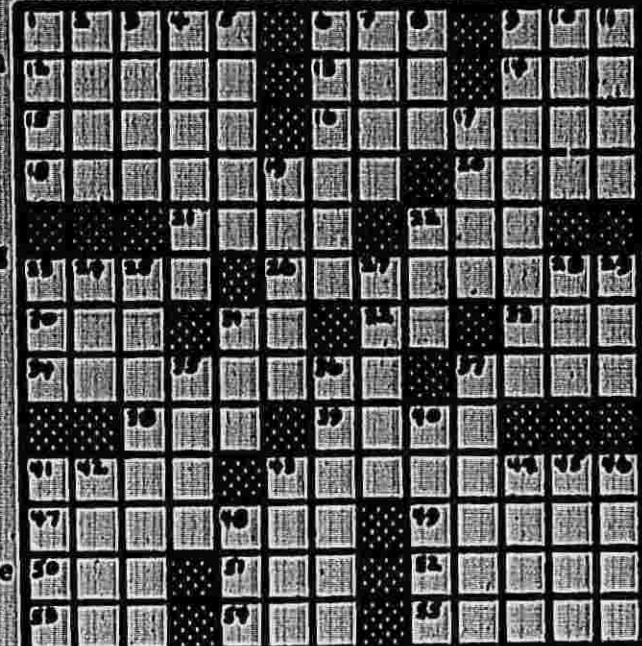

Perhaps there is one nearby that can help your doctor help you. Consult your local telephone directory. You may find there alongside of "Police" and "Fire" the number of your local Poison Information Center.

3,586 persons performed volunteer services for your Lake County Chapter of the American Red Cross last year.
